Diabetes Awareness

Who is this course aimed at?

This half-day course is aimed at all those who work with clients who have diabetes and is suitable for those who have no prior knowledge of diabetes.

It will be particularly helpful to:

- Healthcare assistants
- Support workers
- Carers
- Trained staff who require an update

What are the learning outcomes?

After attending the session delegates will:

- Understand what diabetes is
- Be aware of the potential treatment pathways
- Have gained knowledge of how to treat the symptomatic patient - hyperglycaemia and hypoglycaemia
- Understand when it is important to look at the impact of other health conditions and diet on diabetes
